

The Arc of Union County's Children's Services & Family Support Department, in collaboration with The Arc Kohler School is excited to offer a 8th session of:

Smart Start Preschool Readiness Program

This is a 6-week preschool readiness program for children ages 20 months-3.5 years of age. The children will experience modified classroom routines such as circle time, story time, music and art and will target skill areas including but not limited to social skills, attention skills and imitation skills. The 6-week program will be facilitated by our Supervisor of Children's Services & Behavioral Supports, Eileen Masticova and other early intervention practitioners and family support staff who will be lending their expertise and additional support for the children within a classroom setting. Non-Early Intervention children and siblings are welcome!

Parents will not be participating in the classroom. You will have the option to observe through a window provided it is NOT disruptive to the child or the group. While your child is experiencing preschool with his or her peers, parents will be able to interact with one another. Parents are required to stay on site during the sessions and throughout the 6 weeks, we will have some of the parent meeting facilitated by a variety of agency staff and outside professionals on a variety of topics.
